Gilmore Health System, Inc.

facilities**Gilmore Memorial Hospital**

The Gilmore Memorial Hospital is a private, non-profit hospital first established in 1916 as the Gilmore Sanitarium and moved to its present location in 1961. The hospital has undergone three major expansion programs and is actively engaged in a fourth program to provide for the medical needs of the area.

The hospital is governed by a Board of Directors who are dedicated to providing you with the best healthcare available.

Gilmore Memorial Hospital is fully accredited by the Joint Commission on Accreditation of Hospitals and is a member of the American Hospital Association and the Mississippi Hospital Association.

Gilmore Chickasaw Health Services / Shearer-Richardson Nursing Home

On June 1 of 1998 Gilmore Health System, Inc. took its mission of delivering high quality patient care even further by leasing the Okolona Hospital and Shearer-Richardson Nursing Home. We can now offer residents in Chickasaw County a full continuum of quality patient care. GHS will work with the staff at the hospital and nursing home to learn more about capabilities each has to offer. As we learn more about each facility, some outpatient services and medical staff may be added.

The Transitional Care Center

Our Transitional Care Center or TCC is a hospital-based program designed for older adults who, need to be discharged from an acute medical-surgical hospital, yet still require specialized, restorative service. This specialty program allows patients to continue their recovery process in a less acute environment, with the support and services of a full-service hospital. The goal of the 16-bed transitional care program at Gilmore Memorial Hospital is to restore our elderly patients to as independent a life-style as possible.

Gilmore Outpatient Pavillion

The Outpatient Pavilion provides accessible hospital services to the patients and families of Gilmore Memorial Hospital. This specialized department offers:

Laboratory testing
Rehabilitation services
Mammography services
MRI testing
Respiratory care
CT scanning
X-ray testing
Other outpatient procedures

The Outpatient Pavilion is self-contained and brings most of the hospital's outpatient services to the patient.

The Sports & Wellness Center

The exercise specialists at the Gilmore Sports & Wellness Center realize that our members have a wide variety of fitness levels, so we have developed programs and classes to assist you in becoming and staying physically fit. Before you begin an exercise program, we recommend that you meet with our exercise personnel to discuss the proper exercise program for your fitness level.
